

HYLORIS PHARMACEUTICALS

IP Manager

We are currently looking for an IP Manager. The successful candidate will be responsible for overseeing a diverse portfolio of intellectual property rights, from disclosure to protection, which requires constant follow-up.

Job description

As an IP manager:

- You are responsible for managing and maintaining appropriate intellectual property protection of the company's existing patent portfolio, including applications, for a wide range of products, under the supervision of the IP Director;
- You assist in overseeing a diverse portfolio of intellectual property rights, from disclosure to protection;
- You follow up patent prosecution, respond to office actions and instruct external agencies timely on procedural actions;
- You will be in contact with different departments of the company and participate in brainstorming sessions, harvest inventions, assist with compiling information for invention disclosures and support the drafting and filing of patent applications;
- You will review new invention disclosures and provide assessment regarding patentability and write – or assist in writing – new patent applications;
- You will organize and carry out patent searches, patent landscapes and FTO's;
- You will liaise with patent attorneys and with service providers;
- You will help to develop strong intellectual property positions that support commercialization.

Your professional profile

- Master Degree in Pharmacy, Chemistry, Biological Sciences or similar.
- European Patent Attorney or having the desire to become one.
- Experience with research (e.g. during a PhD) and innovation management is a plus.
- Keen interest in intellectual property, especially patent protection and prosecution strategy in the life science area.
- Effective verbal and written communication skills (very good English – written and spoken, French and/or other languages are an asset).
- Computer skills: Microsoft Office (Word, Excel, PowerPoint, Teams) and experience with an IP document management system.

Your abilities

- Flexibility to work in a continuously changing start-up environment.
 - High ethical standards with demonstrated experience handling highly sensitive information.
 - Have a strong team player attitude with the ability to motivate and to inject energy into the project teams.
 - People-centric professional with excellent attention to detail and capable of working in a structured way.
 - Have strong interpersonal skills and a collaborative and trust enabling working style for building partnerships among key stakeholders.
-

- Have the adaptability, flexibility, independence and resourcefulness to roll-up-sleeves and multi-task to thrive in a growing environment.
- Enjoy investigating and digging deeper to find answers/solutions.
- Have affinity for legal proceedings and its rules and deadlines.
- Show respect for individuals and cultural difference across different countries.
- Demonstrate efficient utilization of time and resources.
- Be proactive and result-oriented with a focus on business.

About Our Company

Hyloris is a specialty biopharma company focused on innovating, reinventing, and optimising existing medications to address important healthcare needs and deliver relevant improvements for patients, healthcare professionals and payors. Hyloris has built a broad, patented portfolio of 13 reformulated and repurposed value-added medicines that have the potential to offer significant advantages over available alternatives. Two products are currently in initial phases of commercialisation with partners: Sotalol IV for the treatment of atrial fibrillation, and Maxigesic® IV, a non-opioid post-operative pain treatment. The Company's development strategy primarily focuses on the FDA's 505(b)2 regulatory pathway, which is specifically designed for pharmaceuticals for which safety and efficacy of the molecule have already been established. This pathway can reduce the clinical burden required to bring a product to market, and significantly shorten the development timelines and reduce costs and risks. Hyloris is based in Liège, Belgium.
