

Hyloris

A surgeon in green scrubs and a white hairnet is performing surgery on a patient's eye. The surgeon is wearing a white surgical mask and is focused on the procedure. The patient's eye is visible, and the surgeon is using instruments to work on it. The background shows medical equipment and a bright operating room environment.

Disclaimer

This presentation has been prepared by, and is the sole responsibility of, Hyloris Pharmaceuticals SA (the "Company") for discussions with investors in relation to the Company and its group. For the purposes of this notice, "presentation" means this document, oral presentation, any question and answer session and any written or oral material discussed or distributed during the presentation meetings. This presentation (or any part of it) may not be reproduced or redistributed, passed on, or the contents otherwise divulged, directly or indirectly, to any other person (whether inside or outside such person's organization or firm) or published for any purpose or under any circumstances.

This presentation does not constitute an offer or invitation to sell or issue, or any solicitation of an offer to purchase or subscribe for, any securities of the Company in any jurisdiction and neither it nor any part of it shall form the basis of, or be relied upon in connection with, any contract or commitment whatsoever. This presentation does not contain all the information that a prospective purchaser of securities of the Company may desire or require in deciding whether or not to purchase such securities nor does it constitute a due diligence review and should not be construed as such. This presentation is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident in any jurisdiction where such distribution or use would be contrary to law or regulation or would require any registration or licensing within such jurisdiction. Any failure to comply with these restrictions may constitute a violation of the securities laws of any such jurisdiction. Any person into whose possession this presentation comes should inform themselves about, and observe, any such restrictions.

This presentation includes market, economic and industry data, which were obtained by the Company from scientific journals, industry publications, press releases, data published by government agencies, industry reports prepared by consultants and other market data providers. While the information has been accurately reproduced, and in as far as the Company is aware and is able to ascertain from such third-party information, no facts have been omitted which would render the reproduction of this third-party information inaccurate or misleading, the Company cannot guarantee its accuracy or completeness. Accordingly, you should not place reliance on any of the market, economic and industry data contained in this presentation.

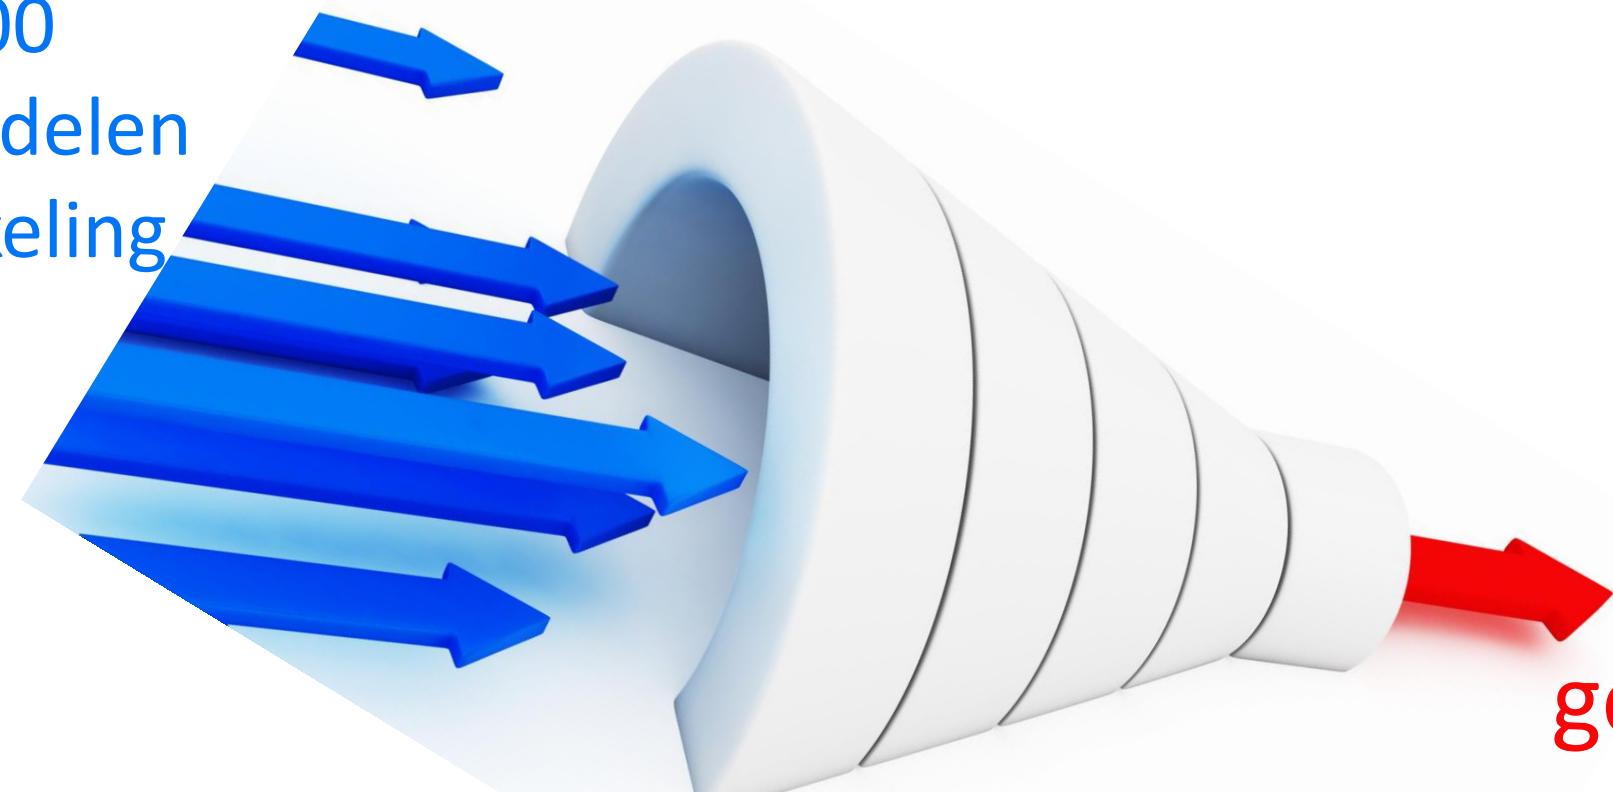

This presentation includes statements that are, or may be deemed to be, "forward-looking statements" which are based on current expectations and projections about future events. These forward-looking statements can be identified by the use of forward-looking terminology, including the words 'believe', 'estimate', 'anticipate', 'expect', 'intend', 'may', 'will', 'plan', 'continue', 'ongoing', 'possible', 'predict', 'plans', 'target', 'seek', 'would' or 'should', and contain statements made by the company regarding the intended results of its strategy. By their nature, these forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Forward-looking statements are not guarantees of future performance. A number of factors could cause actual results or outcomes to differ materially from those expressed, projected or implied in any forward-looking statements. In light of these risks, uncertainties and assumptions, the events or circumstances referred to in the forward-looking statements may not occur. None of the future projections, expectations, estimates or prospects in the materials should be taken as forecasts or promises nor should they be taken as implying any indication, assurance or guarantee that the assumptions on which such future projections, expectations, estimates or prospects have been prepared are correct or exhaustive or, in the case of the assumptions, fully stated in the materials. No one undertakes to publicly update or revise any such forward-looking statement, whether as a result of new information, future events or otherwise. As a result of these risks, uncertainties and assumptions, you should not place undue reliance on these forward-looking statements as a prediction of actual results or otherwise.

By attending and otherwise accessing this presentation you will be deemed to have read and understood the contents of this disclaimer. In making an investment decision, you must rely on your own assessment, examination, analysis and enquiry of the Company.
